

Riego::longPress

```
graph LR; A[Riego::longPress] --> B[Riego::toggleValve]; B --> C[Riego::setValve];
```

A flowchart illustrating a sequence of three Riego methods. The first method, 'Riego::longPress', is highlighted with a gray background. An arrow points from it to the second method, 'Riego::toggleValve', which has a white background. Another arrow points from the second method to the third method, 'Riego::setValve', which also has a white background. All three methods are enclosed in rectangular boxes with black borders.

Riego::toggleValve

Riego::setValve
