

Gui::handleCmdSystemDate

Gui::handleCmdSystemTime

IfaceRiego::setSystemTime

```
graph LR; A[Gui::handleCmdSystemDate] --> C[IfaceRiego::setSystemTime]; B[Gui::handleCmdSystemTime] --> C;
```

The diagram illustrates a mapping from two GUI methods to a single interface method. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'Gui::handleCmdSystemDate' and the bottom box contains 'Gui::handleCmdSystemTime'. On the right, there is a gray rectangular box with a black border containing the text 'IfaceRiego::setSystemTime'. Two blue arrows originate from the right side of the top-left box and the right side of the bottom-left box, both pointing towards the left side of the gray box on the right.
